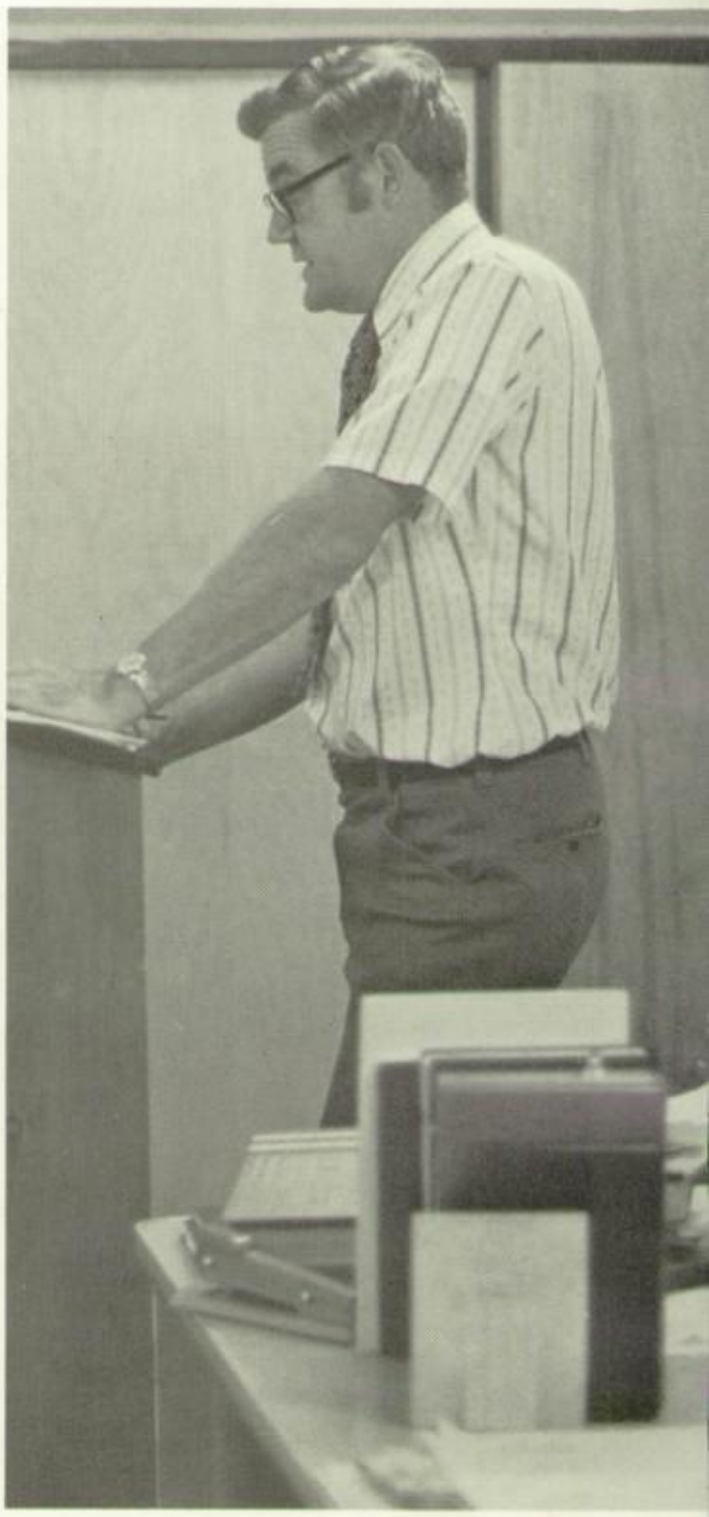
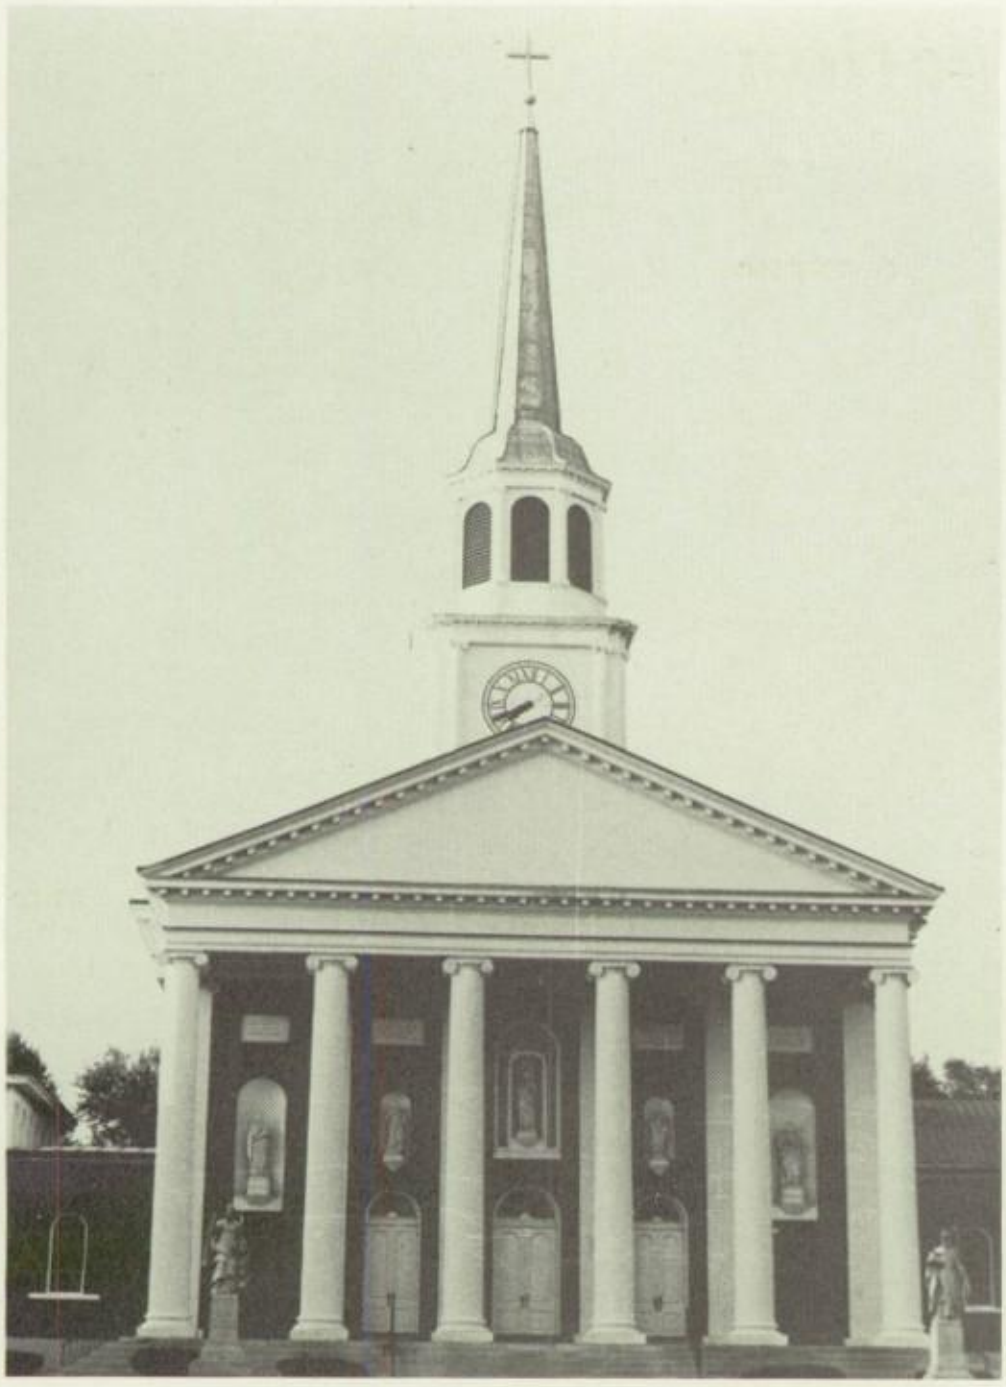
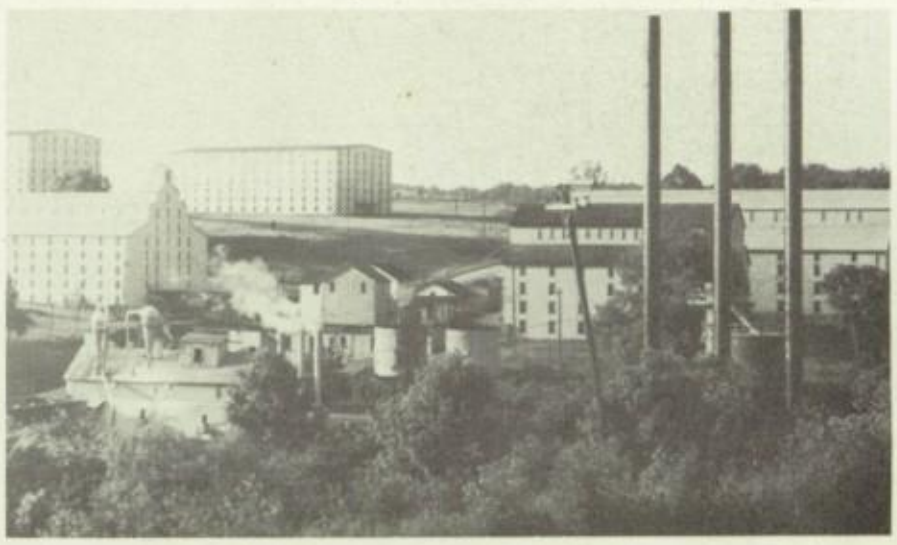
Dedication

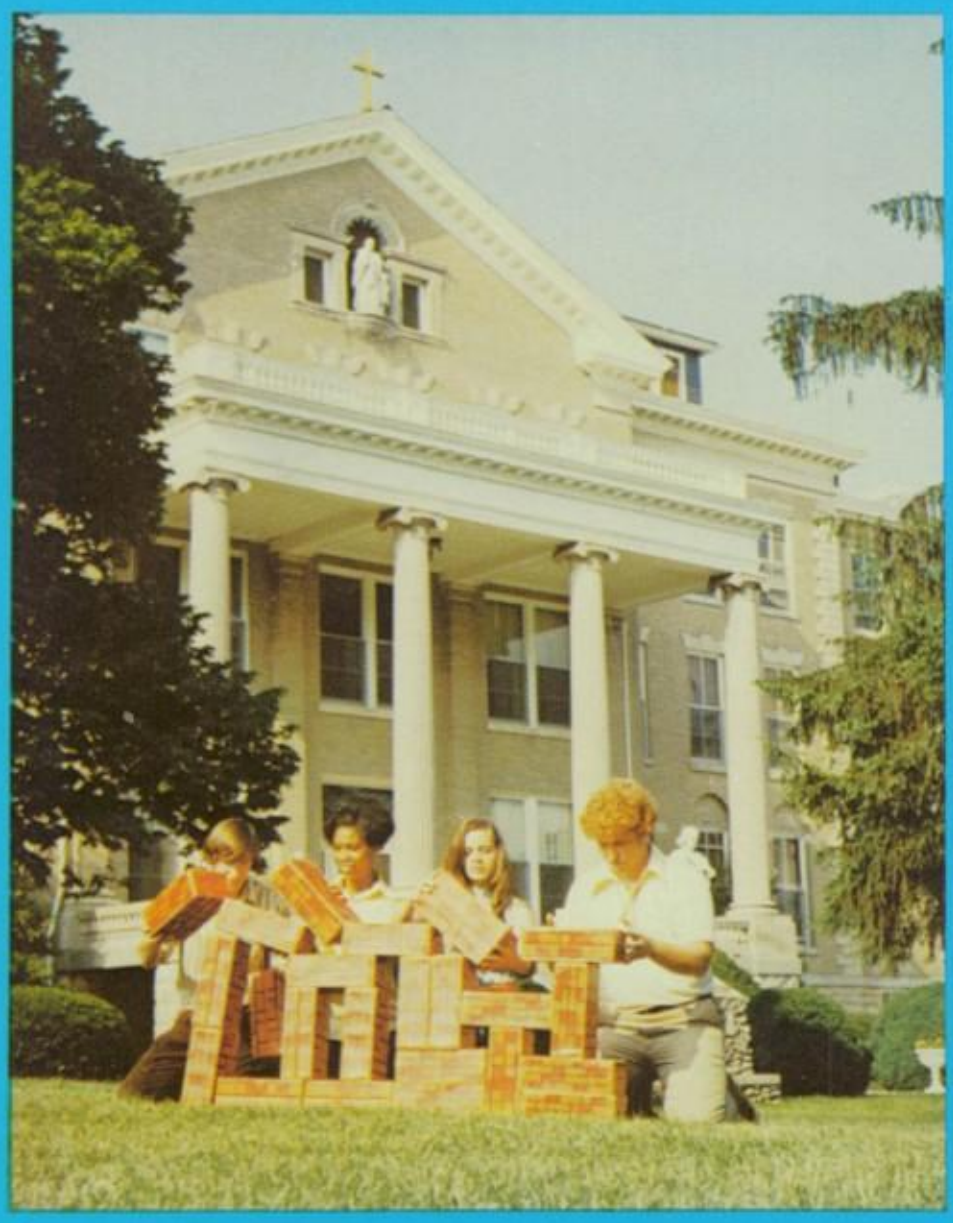


In appreciation for his guidance throughout our four years of high school, for his attentiveness to our ideas, and for his concern for our future endeavors, the class of 1973 takes pride in dedicating this yearbook to Mr. Walker Ferry. In addition to your excellence as an instructor, you have proven your patience and sense of humor as a friend. We hope for you the joy and success that you deserve.

Historic Bardstown







CREATIVITY: Every man has a need to express his joys and sorrows, his successes and failures, his experiences in life. The need of the self for freedom from the problems of life finds its fulfillment in the act of artistic creation. While the content of our imaginations and expressions is always changing, the drive to create something that is uniquely our own still remains.

We are together as friends, separate as individuals. We have our own forms of expressions, directed outward, toward someone. But our projections are different. That is what makes us what we are: original, creative.

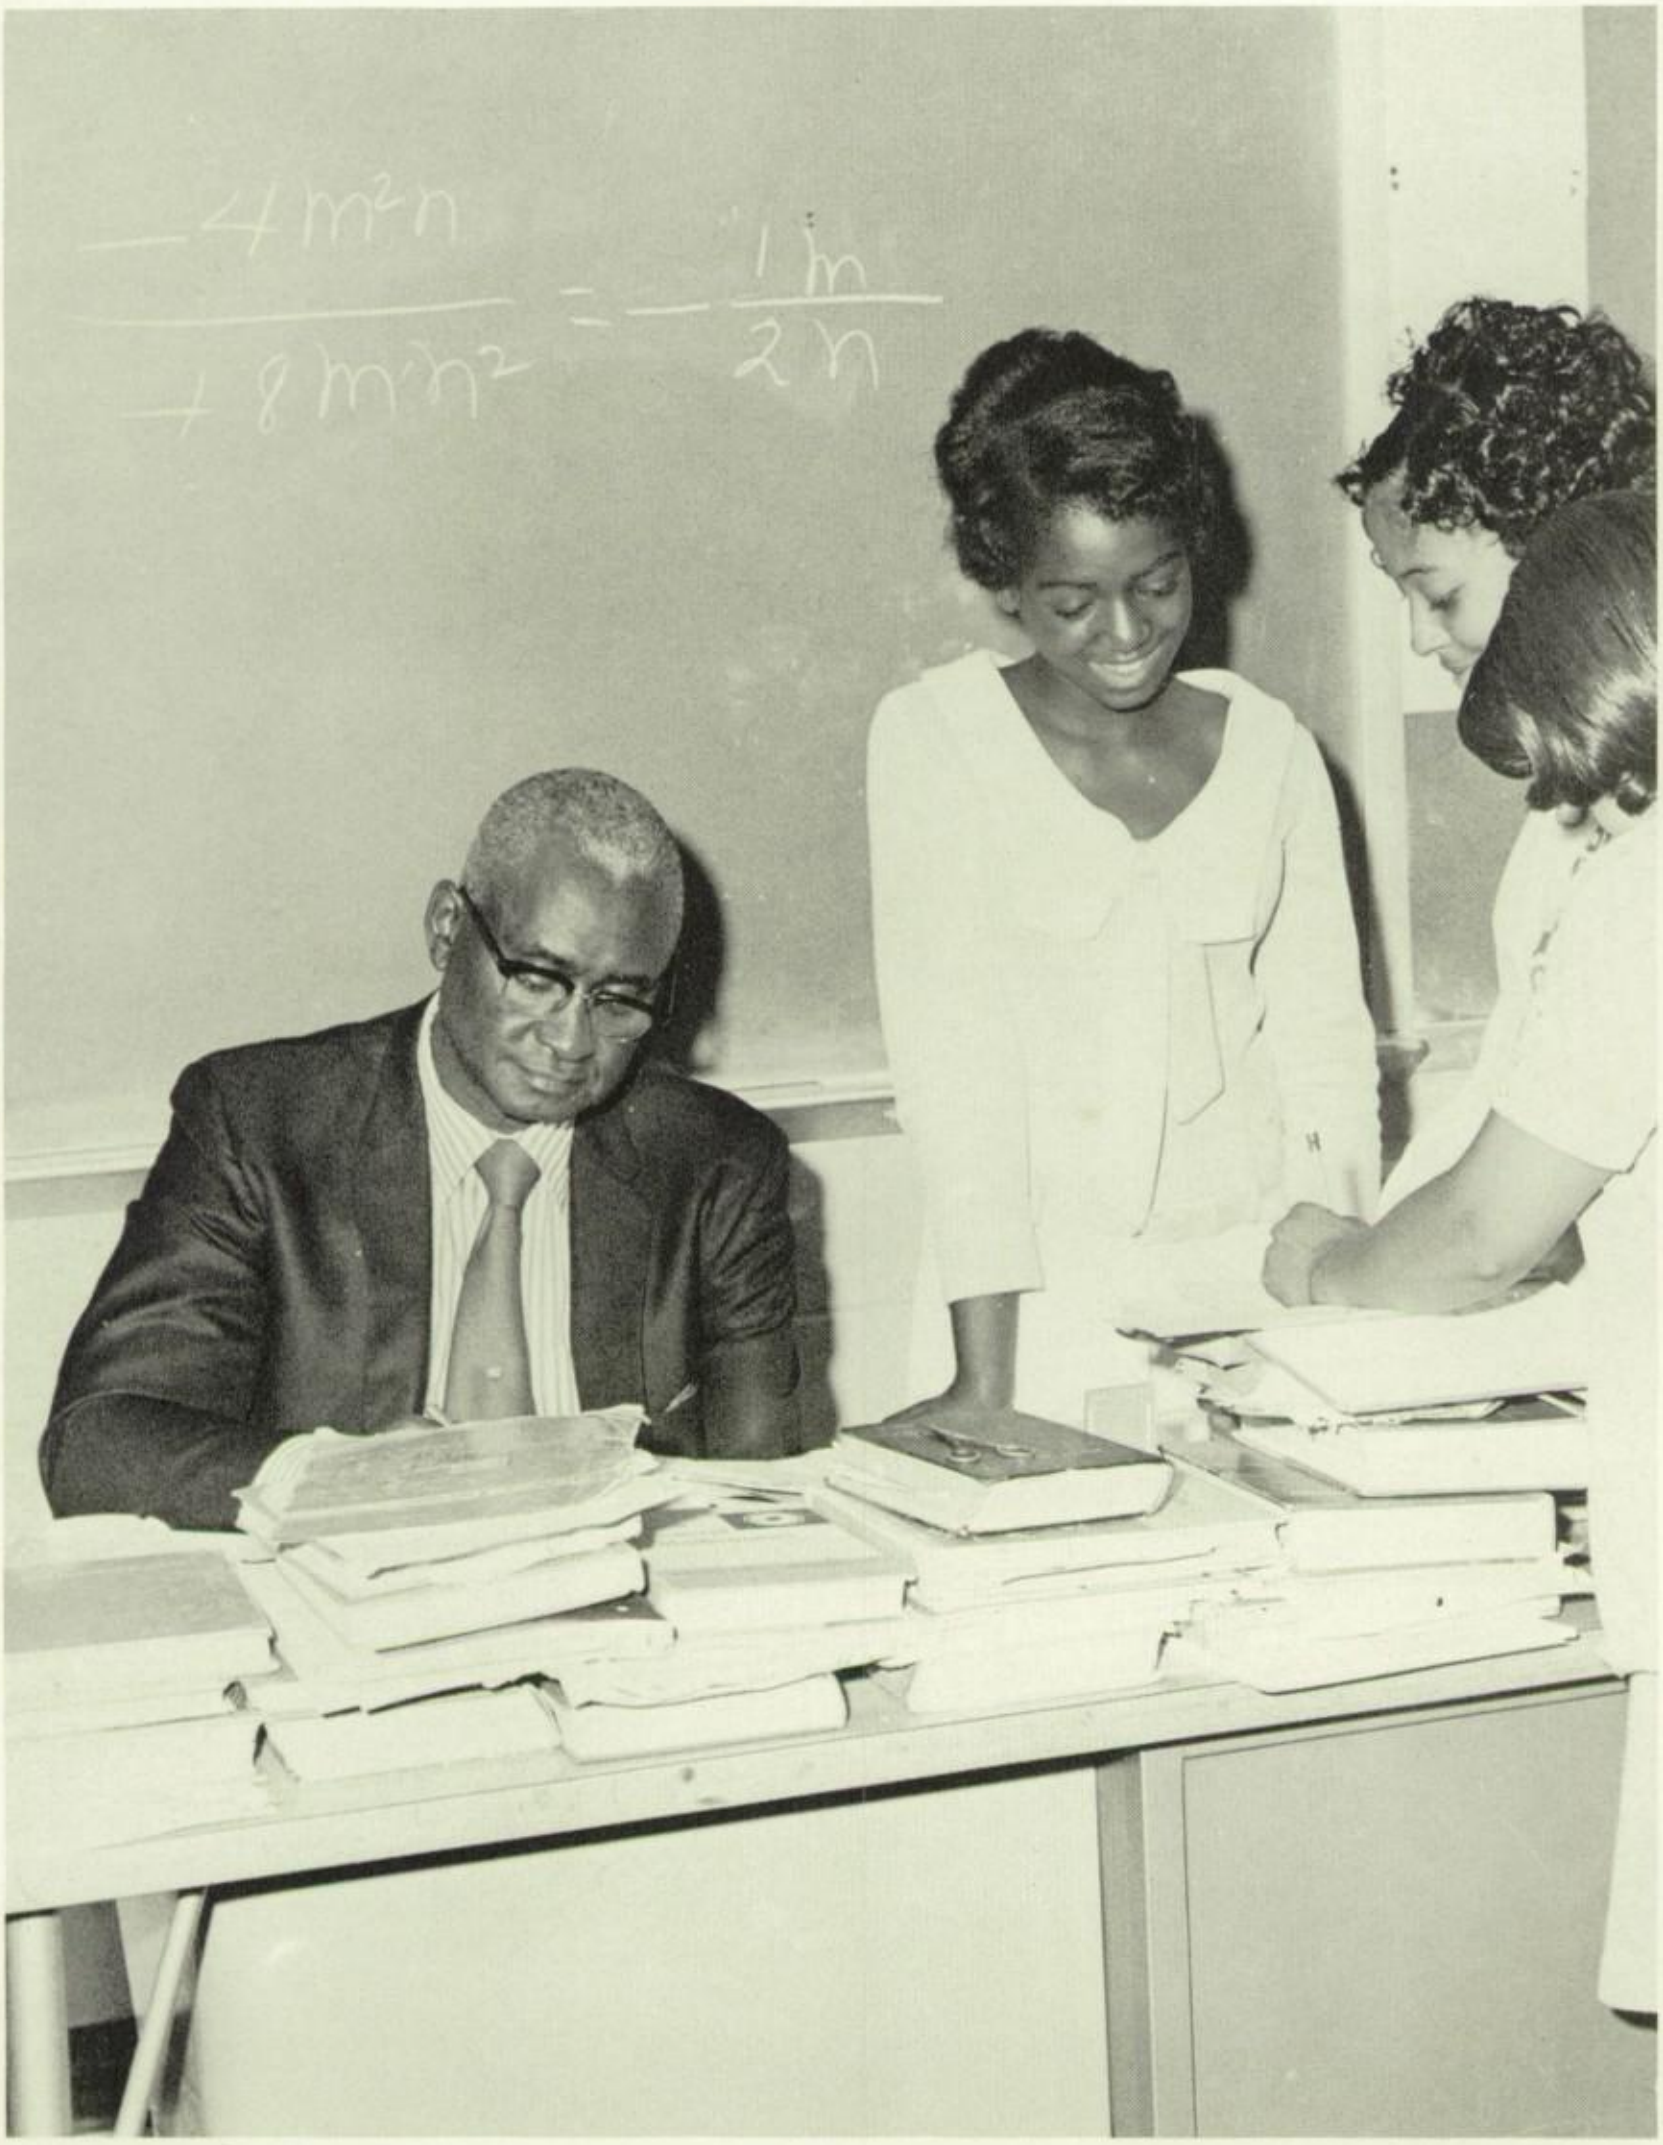
In Appreciation



The class of 1973 would like to extend their deep gratitude to Mr. Stephen Samuels for his devotion throughout his fourteen years of teaching at Bardstown High. He has provided leadership and direction for many. We wish for you the best of luck in all you do and happiness in the years to come.

Principal

John H. Branson

The Class of '73 would like to say how enjoyable and meaningful you have made the last four years. We appreciate your patience and understanding with some of our rather unusual endeavors. You have been more than an outstanding principal to us. You have been a friend. The talks in the hallway, the lectures in the office, the cheerful smile greeting us between periods--all these will be remembered with nostalgia in later years. It takes a great deal of talent to succeed in producing a good school system, especially one as impressive as we think ours is. You possess the leadership and ability necessary in order to do this. Although we have differences of opinion in certain areas, you always seem to know what is best for us. As we look back on "the good ole days," you will be remembered as a loyal and dedicated principal.

The National Forensic League is a nationwide high school organization. Its purpose is to stimulate speech activities and interscholastic competition. In recent years Bardstown has had a forensic program under the auspices of the NFL.

After several years of rebuilding, this year's team features outstanding participants in poetry, prose, dramatic and humorous interpretation, extemperaneous speaking, original oratory and debate.

The speech team is under the guidance of Mrs. Anne H. Locke.

J.V. Speech Team: R. Walker, C. Locke, B. Coomes, R. Rumbley, R. Turner.
